To Our Customers—Past, Present and Future

A Bit of Sage Counsel for 1925

"**A**S YE sow, so shall ye reap!" A great many ministers have used this as the text for long and varied sermons. We are not going to preach now, but we are using this thought as the text for the few words we want to say to you.

"As ye sow, so shall ye reap"—this applies to **YOU** both literally and figuratively.

Literally: The sowing of inferior seed cannot help but produce an inferior crop.

Figuratively: (1) Fertilizers of poor quality; (2) poultry foods of unbalanced formulas; (3) agricultural implements and farm supplies of inferior manufacture—these are the factors that (1) damage your soil, (2) raise scrawny and unprofitable chickens; and (3) double your repair and replacement bills every year.

Taylor Brothers have gained their present reputation of reliability by refusing to handle these cheaper materials, and by selling only first-class tried products. However, by keeping in close touch with the producers and markets, we are able to offer these first-class products at remarkably low prices.

Now (to get down to the real "bit of counsel"), this catalog is compiled solely for the purpose of giving you a quick and easy way of getting all the information you need for ordering your whole season's supplies. We believe it will cover every thing you will use in the way of seeds, poultry foods, and general farm supplies. Should there be anything you cannot find listed, drop us a line and we'll be glad to get it for you if at all possible.

As a suggestion for your purchasing list:

TAYLOR BROS.

SOME TIME-SAVING HINTS

Special attention is given to 'phone orders. Our Bell 'Phone, No. 3320. Keystone, 53 and 54. When our operator responds state what department you wish to speak to and you will be connected, thus enabling you to order from the proper person to insure immediate attention.

Mail orders are solicited, and the department is organized for accuracy and promptness.

All goods delivered **FREE ON BOARD** cars Camden, or boat Philadelphia.

When ordering state clearly the varieties desired, and whether substitution can be made in case we are out of the article ordered.

Also state plainly the station and route to which shipment is to be made.

Bags and sacks are additional at value.

All perishable goods shipped at purchaser's risk.

Prices quoted for shipment by Parcel Post are for the first zone only.

TERMS: Are net cash ten days, to those who have an account with us. Others are requested to send remittance with order. We cordially invite charge accounts from those who send satisfactory business or bank references.

Parcel Post packages are forwarded at the risk of purchaser, but can be insured up to \$25.00 value at 4c per package.

FARM AND GARDEN SEEDS

A SEED—Y TALK

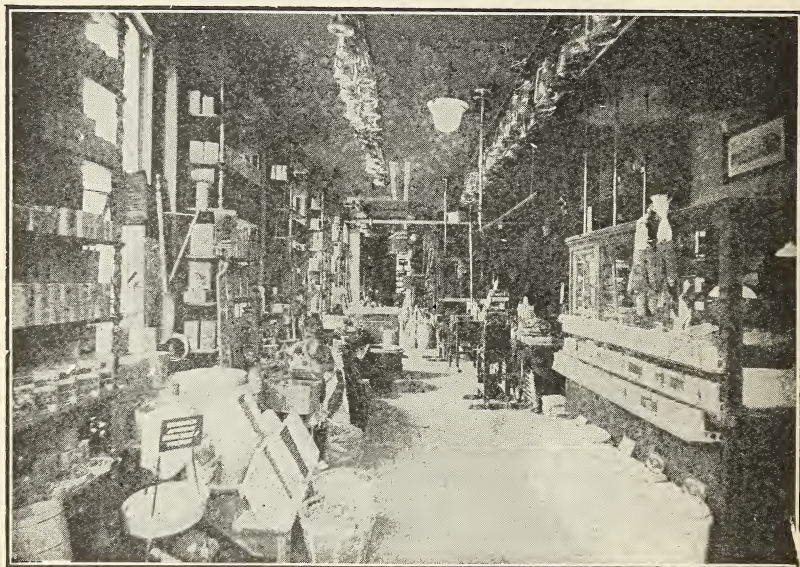

"Hello, Neighbor. How's crops?" is an oft-repeated question. And the answers vary: "Not so good," "Pretty fair," "So-so," "Best-ever!"

While a good many factors will determine which answer **you** can make this coming season, not the least of these is the selection of your seed. The sun may shine just the right length of time and with just the proper degree of heat; the rain may fall and give exactly what moisture is necessary; the soil may be rich and fertile, with wonderful productive powers;—yet if your seed is not of the best quality, these other things avail not at all in producing a crop for you to be proud of.

The sun and the rainfall can only be guessed at, although the richness of the soil is largely a matter of possession. You can be sure about **one** thing, however, if you come to Taylor Brothers; and that is, your seed will be the very finest obtainable. It is grown by the most reliable Western growers, and while it is not a guaranteeable product (because of the other factors determining your crop), we can safely say it will produce where a less superior seed would fail.

We have a very complete stock of all Farm and Garden Seeds and can give your orders prompt and careful attention. Should you need anything you do not see listed, let us know and we will be glad to do everything possible to obtain it for you.

Respectfully, TAYLOR BROS.

FARM AND GARDEN SEEDS

WE ARE STRICTLY a garden, farmers' seed and implement supply house, using the same care in selection of our seed stock from reliable growers as would be exercised by the most particular gardener or trucker.

While we believe prices quoted are the best prices to be offered, still they are subject to market changes.

SPECIAL—DON'T FORGET—When ordering seed sent by mail to include postage—see rules on page two.

TAYLOR BROTHERS' LAWN GRASS SEED

THE attractiveness of a suburban home is greatly increased by a well kept, closely-cut lawn. In order to obtain this, an important feature is securing the right kind of mixture; something that will remain fresh and green in hot weather. Taylor Brothers' Lawn Grass will form a deep green velvety lawn in a few weeks' time. A

mixture of the finest and most desirable grasses which gives satisfactory results.

Plain

SEA SHORE LAWN MIXTURE

In order to obtain a fine lawn at the shore a foundation of ashes or clay gives the best result. With a rich top dressing and our Lawn Mixture, a fine lawn can be made in a very short time.

	20 lbs. to bushel.	
Prices: ¼ lb. pkg.....	\$0.15	1 lb. pkg.....\$0.40
½ lb. pkg.....	.25	1 bu., 20 lbs.....6.60

SHADY LAWN MIXTURE

A special mixture for all shady places, produces a fine lawn under very shady trees, where no other grass would grow.

	20 lbs. to bushel.	
Prices: ¼ lb. pkg.....	\$0.15	1 lb. pkg.....\$0.40
½ lb. pkg.....	.25	1 bu., 20 lbs.....6.60

PERMANENT PASTURE GRASS

Composed of the most nutritious grasses for grazing. Will last a long time and thrive under most all conditions, owing to the number of grasses used in the formula of mixture.

	20 lbs. to bushel.	
Prices: ¼ lb. pkg.....	\$0.12	1 lb. pkg.....\$0.30

WHEN TO PLANT SEEDS

The seeds of farm crops may be divided into two classes, according to the temperatures at which they will germinate or sprout readily and can be safely planted, and the blossoming time of fruit can be taken as a more certain guide than any arbitrary calendar date.

1st Class.—Those seeds that will germinate or sprout at an average temperature of forty-five degrees in the shade, or at about the time the peach and plum trees blossom.

Barley	Red Clover	Carrot	Parsnip	Onion
Oats	Crimson Clover	Cabbage	Kale	Pea
Rye	Grasses	Cauliflower	Lettuce	Radish
Wheat	Beet	Endive	Parsley	Spinach
				Turnip

These can be planted with safety in the spring as soon as the ground can be prepared, and some of them if planted in the fall, live through the winter.

2d Class.—Those seeds that will germinate or sprout at an average temperature of sixty degrees in the shade, or when the apple trees blossom:

Alfalfa	Cotton	Pole Bean	Okra	Pumpkin
Cow Pea	Egg Plant	String Bean	Squash	Tomato
Corn	Soy Bean	Melon	Cucumber	Pepper

For other Fertilizers, see pages 31 and 41.

CLOVER, FIELD AND GRASS SEED

Alfalfa. As a fertilizing, land-enriching crop, it is unequaled. The roots sink down into the earth searching for nourishment and bringing to the surface the chemicals and fertilizing materials that have been stored 10 to 15 feet deep. One seeding stands for years. All cattle are fond of it. If possible, sow with oats at the rate of 15 pounds per acre, or if the land is very poor, sow 3 pounds more. The first season the growth will be very light, but don't be worried if the plants are small and several inches apart, for that means the next season you will probably get from 3 to 5 tons per acre.

Blue Grass. (Kentucky.) Extra fancy cleaned. One of the most valuable sorts for lawn purposes, and as pasture grass is indispensable. This grade is best for sowing lawns. Sow 3 to 5 bushels per acre for lawn; for pasture, sow 2½ bushels. Bushel, 140 pounds.

Clover, Red. Fine quality, high germinating seed, free from foreign matter. 60 pounds per bushel.

Clover, Alsike (Swedish). Harvested with great care; the finest product of the market. 60 pounds per bushel.

Clover, Scarlet (Crimson). Used principally as a soil restorative. Both Delaware and Imported seed. Best quality. 60 pounds per bushel.

Clover, White Dutch. For thickening the growth of the lawn, a better seed could not be used.

Clover, Mammoth Pea Vine or Sapling. Grows much taller than the Common Red Clover, with larger, leafier stalks.

Canadian Blue Grass. Adapted especially to high, dry situations. Fine for permanent pasture. Bushel, 14 pounds.

Creeping Bent Grass. (*Argostis Stolonifera*.) Excellent for lawns; succeeds well in all locations; makes a low, velvety growth. Bushel, 20 pounds.

Crested Dogtail. An excellent grass for hard, dry soils; valuable for pastures or lawns; 25 pounds to acre. Bushel, 21 pounds.

English Rye Grass. (Perennial Rye.) Fine for an immediate effect. Bushel, 24 pounds.

Herd or Red Top, Fancy Hulled. Extra recleaned seed, free from chaff. Bushel, 32 pounds.

Herd or Red Top Grass. Jersey and Western. Very popular for field use. Bushel, 10 pounds.

Hard Fescue. Thrives well in dry situations where many other grasses fail; 30 pounds to the acre. Bushel, 12 pounds.

Hungarian. Like German in growth, distinguished by brown color seed.

Italian Rye Grass. An annual; quick in maturing. Bushel, 22 pounds.

Meadow Fescue. English Blue Grass. An excellent grass for permanent pasture or hay. Bushel, 22 pounds.

Meadow Foxtail. An elegant pasture grass. Bushel, 7 pounds.

Millet, German or Golden. Best known of all varieties; has, in consequence, a large sale; is a medium early forage plant, prolific in stalk and grain.

Millet, Japanese. (Barnyard.) It yields an enormous crop of forage, which is greatly relished by stock. When cured, it makes an excellent hay.

Millet, Siberian. Grown largely in the Northwest, and is there considered better than any other. It yields a heavy crop of superior forage and seeds abundantly.

Orchard Grass. For pasture, sowing under orchards or shady places. Bushel, 14 pounds.

Rhode Island Bent Grass. (*Agrostis Canina*.) Resembles Herd Grass, forming a fine turf, even on thin soils. Doing especially well in salt atmospheres. Sow 40 pounds to the acre. Bushel, 15 pounds.

Timothy Seed. Best grades, strictly recleaned. 45 pounds per bushel.

Wood Meadow Grass. Particularly adapted for pleasure grounds and lawns; will grow under trees where few other grasses can exist. Bushel, 14 pounds.

Taylor Brothers, Camden, N. J.

Pennsgrove, N. J., Jan. 8, 1925.

Gentlemen:

We continue to receive repeat orders for your Keystone Foods.

Yours very truly, H. D. Turner.

VALUABLE PLANTS FOR SUMMER FORAGE AND ENSILAGE

(For prices see pages 3 to 8)

Crimson Clover. Solves the problem of cheap manuring; it is the great nitrogen gatherer and economizer in the use of fertilizers. Improves poor lands and restores to fertility those that have been worn down by excessive cropping. May be planted in spring, summer and fall. Splendid for reseeding Red Clover that has been winter killed. Sow 15 to 20 pounds per acre.

Soja or Soy Beans. One of the most remarkable drought resisting crops under cultivation. Will thrive under the most adverse conditions; tremendous yielder and valuable soil improver.

Cow Peas. When planted in rich soil make an enormous growth of vine of high feeding value and equal to clover for enriching the ground if plowed under Black Eye, Clay, Black and Whippoorwill Gray Crowder. New Era varieties are adapted to Northern growth. Sow 1 to 1½ bushels broadcast, or drill 20 to 30 pounds per acre.

Sorghum. (Early Amber.) This plant is fast coming to the front for summer pasture or forage. It withstands drought and grows luxuriantly when the grasses and even Millets are burned out with the dry summer heats. It makes excellent hay. Sow broadcast 1 to 1½ bushels, or drill 10 to 20 pounds per acre. Early Amber is best for this latitude.

Kaffir Corn. Is a non-saccharine Sorghum grown for the seed, which is good for poultry and cattle. Cultivation same as for Sorghum.

Canada Field Peas. These are very valuable for fattening stock, and can also be grown for soiling purposes, but are of greater value for fodder when fed as ground feed, or the vines can be cured for hay, which is of great nutritive value. They can be sown alone or with oats; if sown alone, sow 2 bushels to the acre; if with oats, sow 1 bushel of peas and 1½ bushels of oats.

Spring Vetches or Tares. (*Vicia Sativa*.) These are a species of pea, and grown extensively for stock feeding. Are excellent food for hogs and also a most valuable fertilizer. 50 to 60 pounds are sown per acre and cultivated same as field peas.

Winter Hairy or Sand Vetch. (*Vicia Villosa*.) Can be sown from July to November broadcast, at rate of 20 to 30 pounds per acre, with one bushel of oats or wheat, or 40 to 50 pounds if sown alone. Will grow on most any soil and produce a good crop. Splendid as a soil improver or for feeding.

Dwarf Essex Rape. It can be sown in drills far enough apart to cultivate, or broadcast. If sown in drills, but 7 pounds per acre are necessary. The best way is to sow it broadcast on very clean soil, or to sow it with your spring grain at the rate of 15 pounds per acre.

Speltz. Makes excellent pasture and good hay if cut at the proper season. The straw is stiff and does not lodge easily, and the grain does not shell out. Dry weather does not seem to have any effect on it whatever. It is a wonderful stooler and a robust grower and can be fed same as oats with the hulls. Every farmer should grow it. Sow at the rate of 50 to 60 pounds per acre.

Teosinte. (*Reana Luxurians*.) Its value lies in the fact that it can be cut several times during the season, and when allowed to remain without being cut attains a height of 12 feet. We would advise sowing the seed in rows 3 feet apart and the hills far enough to work, putting in three seeds about every 12 inches in the drill.

Sweet Clover, Bokhara (*Melilotus Alba*), also **Yellow Blossom** (*Melilotus Officialis*). While extensively used as a bee food, these clovers are valuable varieties for soiling (green manure); for sowing in the spring on lands which are later to be sown in alfalfa. They grow from 3 to 5 feet high, according to soil and location. Sow 15 lbs. per acre in early spring, alone, or 10 lbs. per acre with other crops.

Sudan Grass. For summer forage or grass crop will produce two or three cuttings each season, stools out thickly after the first cutting, makes a most nutritious and desirable forage crop. Sow in drills 10 lbs. to acre, broadcast 25 lbs. to acre.

Quantity of Seed Requisite to Produce a Given Number of Plants and Sow an Acre

	Quantity per Acre	
Artichoke, 1 oz. to 500 plants.....	6	oz.
Asparagus, 1 oz. to 800 plants.....	1	lb.

BUTTERMILK BABY CHICK FOOD

There are no Tricks in Raising Chicks

MAKES THEM HEALTHY

Chick raising is principally a matter of proper feeding. Years ago it was impossible to get proper chick feed. Now you can raise practically every livable chick. The secret is known the world over, use

O. D. O. BUTTERMILK BABY CHICK FOOD

The "baby food for baby chicks." It is made only of the highest quality of purest and sweetest of health-giving, nourishing elements. It's as clean as the food on your table. From the time the grain is unloaded from the cars until you open the package or bag it is untouched by human hands. Skillful millers carefully prepare and combine the grains and other feeding stuffs which are so prepared as to be mechanically predigested.

BEWARE OF IMITATIONS

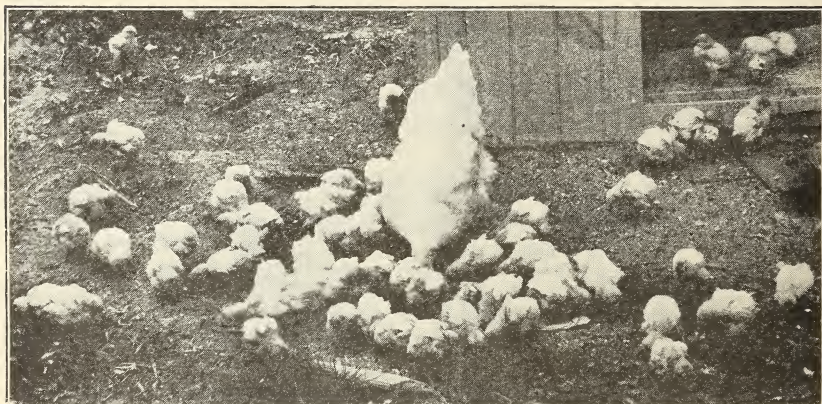

There are no "baby chick foods, starters" or whatever they may be called, as good as O. D. O. You never saw any imitation as good as the original. If you want success, want to raise the most good, strong, vigorous chicks, use O. D. O. Buttermilk Baby Chick Food.

IT IS A COMPLETE FOOD

furnishing every element needed for uniform development of bone, muscle, feathers and health. It is a "low protein" baby food that prevents undue stimulation and growth at the start. Instead it builds a firm foundation for health and later growth. Bowel troubles due to feeding are unknown where O. D. O. is used. It is scientifically and practically correct, the results prove it. The extra chicks you save by feeding O. D. O. will pay for the food for the whole lot. O. D. O. insures Satisfaction—Success—Profit.

ONCE FED OFT REPEATED

*Poultry Raisers why take chances with your chicks?
Why start wrong? O. D. O. makes 'em grow.*

Taylor Brothers, Camden, N. J.

Nottingham, Pa., Jan. 9, 1925.

Dear Sirs:

I can recommend your Keystone Baby Chick Feed and your O. D. O. Baby Chick Food. I like them better than any other feed that I have used and think it surely makes the chickens grow much faster, too.

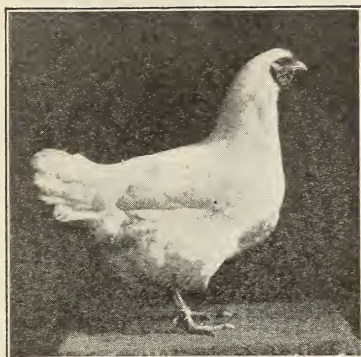

Yours truly,

Miss Ruth B. Graves.

Our O. D. O. Buttermilk Baby Chick Food which we have so scientifically developed has proven to be one of the most valuable Baby Chick Foods that has ever been put on the market. Every ingredient used in its composition is of the highest quality and in such form and proportion to make chicks grow rapidly and strong. O. D. O. Buttermilk Baby Chick Food contains all the necessary remedies to carry them through the first six weeks, which is the most critical stage in the life of chicks.

KEYSTONE SCRATCH FOOD

WHEN we began the preparation of KEYSTONE SCRATCH FOOD, we were particularly guided more by quality than any other thought, although price was given our next consideration. As a matter of fact we feel that we made no error in maintaining our former methods of *quality first*. That is why our entire line of KEYSTONE FOODS including our KEYSTONE SCRATCH are regarded as the best brand of Poultry and Pigeon foods on the market. It is not always good policy or economy to mix poultry rations at home, as it requires considerable time, besides it is quite necessary to use the proper ingredients and in such proportions to give best results. KEYSTONE SCRATCH contains the necessary elements and ingredients to produce more eggs, which is the profit payer or foundation of poultry success.

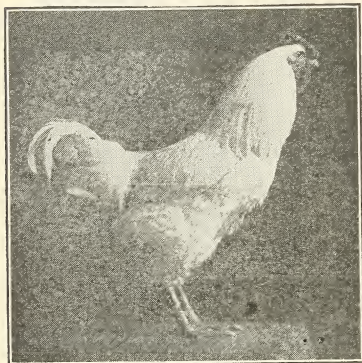

GRIT, SHELL AND CHARCOAL. Birds need a considerable quantity of mineral matter for their own needs as well as the production of eggs, particularly the shells. Part of this necessary mineral is obtained from their feed but an additional supply is also necessary. Hard, sharp grit must be available for the birds as an aid in digestion. Hens have no teeth and the grit in their gizzard aids in grinding or chewing up the food as well as supplying a certain amount of minerals.

KEYSTONE DICK

THAT'S HIS NAME

Keystone Dick is a Rose Comb Rhode Island White Cockerel, Exhibited at the Philadelphia Poultry Show in 1922, and awarded first Prize. Standard Weight, 7½lbs. Bred and Owned by Geo. W. Adams, Tamaqua, Pa., this Prize Cockerel was raised on O. D. O. Buttermilk Baby Chick and fed on Keystone Scratch Food.

Is it Any Wonder they Recommend KEYSTONE and DANDY POULTRY FOODS

Dear Sir:

Risley, N. J., Jan. 9, 1925.

Since I am using your Keystone Scratch Feed, I get twice as many eggs and it is certainly a wonderful food for chickens.

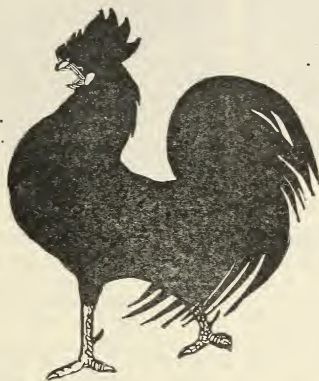

Sincerely yours,

George Sackl.

SCRATCH

FOOD

THE DANDY SCRATCH food is similar in appearance to the KEYSTONE SCRATCH, although not quite as high in protein, which is due to a few less ingredients. In preparing our DANDY SCRATCH it was our aim to put on the market a clean uniform balanced ration; that would be equal to any of the Popular Brands, and which could be sold at a price within the views of every Poultry raiser.

It is quite gratifying to mention so far every customer is pleased with THE DANDY. It is the feed that MADE POULTRY RAISING PROFITABLE. A TRIAL means REPEAT ORDERS.

Not How Cheap—But How Good

KEYSTONE AND DANDY POULTRY FOODS are all made with the firm belief that the best goods are always the cheapest in the end. Every poultry food we make is backed by fifty years' experience in the poultry industry, the latest scientific knowledge, and exhaustive practical feeding tests.

KEYSTONE AND DANDY FEEDS GIVE RESULTS

We don't know how we could make them better. Finest, sweetest and purest of ingredients, modern mills and most careful supervision are embodied in our feeds. The result is poultry that makes a sturdy, vigorous growth; abounding in health; and high in egg and meat production. That means PROFIT AND SATISFACTION.

If you want to be sure that you are getting an honest dollar's worth of splendid feed, if you want a uniform, satisfying, profit-producing article that is backed by years of experience in making quality products—then use Keystone and Dandy Poultry Foods.

Taylor Brothers, Camden, N. J.

Ocean City, N. J., Jan. 10, 1925.

Gentlemen:

We have been selling Dandy Horse Feed and Dandy Scratch Feed, purchased from Taylor Brothers of Camden, for fifteen years or more, and we are sure that it has given good satisfaction where used. We feed our own horses on the Dandy Horse feed, and are more than pleased with the good condition that our horses keep.

Thanking you for past favors, we are,

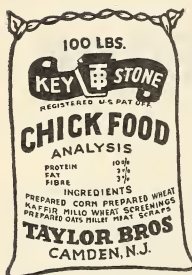

Yours very truly,

C. H. Shoemaker Lumber Co.

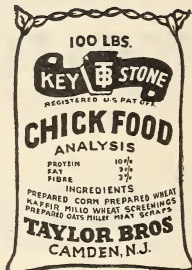

KEYSTONE CHICK FOOD

REARING CHICKS WITH MOTHER HENS

When the hatch is completed, move the hens and broods to coops previously made ready, first treating them for lice. If several hens hatch at the same time the broods may be "doubled up," giving the chicks to the most quiet hens. According to the size of the hen and the season of the year each hen will care for from thirteen to eighteen youngsters. Keystone Chick Food is a scientifically balanced ration, consisting of sound grains and carefully selected seeds, and which never varies in proportion or quality.

DAILY FEEDING DIRECTIONS

MORNING—Feed four pounds KEYSTONE SCRATCH FOOD in straw or its substitute to 100 laying hens.

NOON—Feed greens of some kind, as sprouted oats, cabbage, lettuce, kale, mangels.

EVENING—Feed eight pounds more of the KEYSTONE SCRATCH FOOD in straw as above, two hours before roosting time.

KEYSTONE GROWING MASH—18% Milk

For Best Results.

Milk Mash must be fed in connection with the O. D. O.—after chicks are 3 or 4 days old, preferably in a small hopper accessible at all times. Don't forget the water or milk with chill off, keep chick size Crystal Grit, Charcoal, etc., before them at all times.

KEYSTONE PIGEON FOOD

If you are not making money from your pigeons and your stock is of known reliability, you had better investigate your feed. Almost all of the failures in the squab business are attributed to careless, improper feeding. There is no economy in cheap, mildewed or partly spoiled grain; only trouble, sickness and mortality. Feed only the best; which is to say—feed Keystone brands. They are carefully balanced to meet the requirements of the birds, and never vary from an established prime quality. Pigeons fed upon our foods are sure to be prolific, and the squabs will develop quickly and become unusually large.

What you GET
here
depends on
what you
GIVE here

Did you ever stop to think that what you get in the milk pail you must first put into the feed box?

When production falls off it's easy to blame the cow. But she isn't a magician. She can't make something out of nothing.

A good cow, rightly fed, will pay for herself over and over, year in and year out.

But no cow, wrongly fed, will produce milk profitably for any length of time.

That's why it pays to feed Larro. Larro will produce more profit, dollar for dollar, than any other feed, however little you pay for it.

We can prove this by the actual experience of other dairymen, or by a test with your own cows.

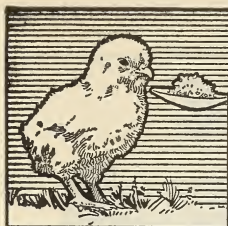

THE LARROWE MILLING CO.

DETROIT, MICHIGAN

Be sure and specify kind and size when ordering.

KEYSTONE FISH MEAL

This food is recommended for those who prefer feeding fish meal to beef, or where it is desired to use both, which makes an excellent combination. It is manufactured from strictly fresh fish, scientifically cured, and guaranteed to contain only the purest articles. It is, in fact, equally as pure as any fish prepared for human consumption, and just as fresh. Experiment Stations endorse Fish Meal, and it is in use on thousands of farms.

BUTTERMILK POWDER AND PURE DRIED MILK PRODUCTS

A CLEAN, SCIENTIFIC, PERFECT FOOD

Milk, either sweet or sour, and buttermilk are excellent food and drink for poultry. Of the three, sour milk and buttermilk are to be preferred. Sweet milk has a tendency to become sour if not drunk promptly. This is an undesirable feature since mixtures of sweet milk and sour milk may cause trouble. Always give the liquid in the same form if you would avoid trouble.

DANDY HORSE FEED is composed of Pea-Green Alfalfa Meal, best Yellow Corn, pure White Oats and Beet Molasses. It contains 60% Grain ration and contains the same ingredients as the Keystone. The Dandy runs uniform in quality and is pleasing our patrons.

THIS IS WHAT THEY SAY ABOUT DANDY:

Penns Grove, New Jersey.

Messrs. Taylor Brothers, Camden, N. J.

I have tried several brands of Alfalfa Horse Feed but I find your Dandy Brand suits me better than any I have ever used. I find it always runs uniform and the pea green alfalfa used in this mixture, far exceeds any that I have noticed in other brands. The grain ingredients are always of the best quality.

Signed, H. S. Barber.

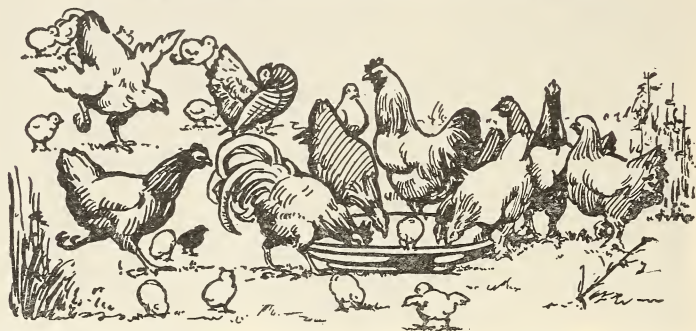

KEYSTONE

PURE

FINELY GROUND OATS

Especially Desirable for Poultry and Chick Mash

THE KEYSTONE (brand) of finely ground oats or oat meal as it is otherwise known is far superior to ordinary ground oats. It is guaranteed strictly pure, free from adulteration and ground in powder form especially desirable to the poultry raisers for using in their growing mash for Baby Chicks. It is also considered a most important factor for the production of eggs and we know of no other single ingredient that is more essential for successful poultry raising than PURE GROUND OATS (Keystone Brand).

KEYSTONE GROUND OATS

Is comparatively new to many, but those who have used "Keystone," particularly the larger poultry raisers, claim their success in raising chicks is largely due to the fine even texture of this product—try Keystone Brand Pure Finely Ground Oats, and watch your chicks grow.

Just read what is said from those who are using:

Taylor Brothers, Camden, N. J.

Sewell, N. J., Jan. 8, 1925.

Gentlemen:

I have been using your Keystone Fine Ground Oats for sometime and have good results from same. It is also more uniform than any brand I have ever used.

Yours very truly,

Thos. B. Turner, Jr.

Taylor Brothers, Camden, N. J.

McKee City, N. J., Jan. 10, 1925.

Gentlemen:

In response to your favor of the 6th inst., we cannot emphasize too strongly the high quality and uniform texture of your Keystone Ground Oats and for that matter, any of the other Keystone and Dandy Foods. So long as these attributes are maintained we shall be buyers of Keystone and Dandy Foods.

Yours very truly,

McKee City Farmers Ex.

Richard Arner.

RAT CORN

Rats and mice travel in large numbers, and to get success, sufficient rat corn must be used to kill all and not just a few of the rodents. Use constantly until all traces of rats and mice cease. Directions on box.

Price, package, 25c.

RAT CORN

NORWICH AUTOMATIC EXERCISER AND FEEDER

THIS machine is as near perfection as human intelligence can make it. It consists of a hopper, to contain the feed, in the bottom of which is fitted an adjusting valve, which is set to allow such quantities of feed to escape as may be desired. Directly under the valve is located the deflector, upon which the feed falls and by it is scattered in a wide, even circle. As the fowl strikes the feed bar it sends a regulated shower of feed on the deflector and it is thus scattered.

Choice Colorado Alfalfa Meal

Among green foods, alfalfa stands at the top. Our Keystone Pea Green Alfalfa Meal is the result of a special process of milling, triple cut. When used with the mash, Keystone Alfalfa Meal, is mixed dry with other foods and scalded or boiled with them. When fed in connection with dry grains, it should be scalded in a trough or other vessel and left for the fowls to eat at will.

Swift Digestor Tankage

Hog money is big money if your hogs are fed Digestor Tankage. It will increase your hog profits one-third and reduce your feed bills accordingly. Corn and others farm grains are rich in carbohydrates and fats, but low in protein, which is absolutely essential to secure economical feeding results. There are several sources of protein, and Digestor Tankage is by far the cheapest. For proof of this compare the analysis of Tankage with that of any other food.

Pratts,

POULTRY AND ANIMAL REGULATORS AND REMEDIES BABY CHICK FOOD WITH BUTTERMILK

Healthy birds and lots of eggs, the two big things in poultry raising, usually follow the use of

Pratts Poultry Regulator

Packages 25c., 50c. and \$1.10; 12 lb. pails, \$1.65; 25 lb. pails, \$3.00.

It builds up vitality, promotes sound digestion, sharpens appetite, thus helping to put birds into condition for heavy egg laying or winning blue ribbons.

Given to breeding stock it increases the fertility of eggs, strong in vitality, that will hatch chicks that will grow. Use it if you want big hatches of healthy chicks that will develop into

husky pullets and cockerels. It will help prevent many of the common poultry ailments. Pratt's Poultry Regulator mixed with any mash makes more eggs.

When baby chicks come, keep them healthy and growing, and bring even the weak ones along by feeding

Pratts Buttermilk Baby Chick Food

In 10, 14, 25, 50 and 100 lb. bags. 25c and 50c pkgs.

A largely predigested baby food for baby chicks. Guaranteed to raise every livable chick. Costs about a cent a chick for three weeks. Helps prevent leg weakness, white diarrhoea and "past-ing up."

More work out of your horses, more milk from your cows, fatter hogs—these are a few of the benefits which come from using

Pratts Animal Regulator

This is the original and pioneer stock regulator of America. Tested thoroughly for over half a century, its worth is known and recognized by stock owners the world over. Always sold on a guarantee that it will satisfy you or your money back.

Packages 25c. and 50c. 12 lb. Bkts. \$2.15; 25 lb. \$3.40.

Don't let ROUP cut your profits. The sure and easy "ounce of prevention" against this dangerously contagious disease is

Pratts Roup Preparation

Tablets or Powder, 25c., 50c. and \$1.00.

Quickly absorbed by the blood, helps purify the system, reduce fever, allay inflammation. The safe help for roup, colds, catarrh and many bad weather diseases.

Get rid of lice on your poultry, in nests, dustbaths, incubators and elsewhere by using

Pratts Powdered Lice Killer

25c. and 50c.

Effective, non-irritating. It quickly kills lice on little chicks, big chicks, setting hens and incubator chicks. It rids horses, cattle, hogs, dogs and cats of lice, and destroys ticks on sheep. It destroys many insects and bugs on vines, plants and flowers.

PRATTS Poultry Disinfectant. 1 qt. 55c., 2 qts. 90c., 1 gal. \$1.50.

PRATTS Head Lice Ointment. 30c.

PRATTS Condition Tablets. 25c. and 50c.

PRATTS White Diarrhoea Tablets. 25c. and 50c.

PRATTS Special Compound. (For Cholera.) 25c. and 50c.

PRATTS Healing Ointment 30c. and 60c.

Buckeye Gas Heaters

FOR INCUBATORS AND BROODERS

Complete Heater, ready to use

\$2.00

Inoculate Your
Alfalfa, Clovers, Cow Peas, Soy Beans, Vetches
and
Other Legume Crops
WITH
Mulford Cultures
FOR LEGUMES

Small Cost Large Returns Easy to Use No Labor Expense

**m all Cost
Easy to Use**

**Large Return
No Labor Expense**

Alfalfa plant on left not inoculated. Plant on right inoculated with Mulford Culture for Alfalfa. All other conditions identical. This contrast speaks for itself.

Mulford Cultures contain pure, tested strains of active, vigorous nitrogen-fixing bacteria, for inoculating seeds of legumes or soil.

Mulford Cultures are scientifically prepared and tested with the utmost care and skill. Enormous numbers of these very valuable and desirable bacteria are thus available to you in every package of Mulford Culture and may readily be applied to your seed. The sealed bottle insures purity.

Legumes offer the best-known means of maintaining soil fertility and rejuvenating over-cropped and worn-out fields. They add both humus and nitrogen to your soil and thus increase your yield of wheat, cotton, corn and other non-legume crops.

The U. S. Department of Agriculture and many State Agricultural Experiment Stations recommended inoculation of legumes with nitrogen-fixing bacteria to induce a prompt "catch" and increase your yield.

Mulford Cultures are prepared for

ALFALFA (Lucerne)	COW PEAS	GARDEN BEANS
CRIMSON CLOVER	SOY BEANS	GARDEN PEAS
SWEET CLOVER	PEANUTS	LIMA BEANS
RED CLOVER	VETCH	LESPEDEZA
ALSKA CLOVER	VELVET BEANS	BEGGAR WEED
BURR CLOVER	SWEET PEAS	AND OTHERS

Always specify on your order what crop you want to inoculate, as there is a different strain of bacteria for each legume.

THE NATURAL FERTILIZER

Sheep Manure

SHEEP'S HEAD BRAND

ANALYSIS: Ammonia, 2.75 per cent.
Phosphoric acid, 1.50 per cent.
Potash, 2 per cent.

PRICES: 2000 lb. lots \$40.00 Ton
1000 " " 41.00 "
500 " " 42.00 "
100 " " 2.40 cwt.

For the Garden Its use on the vegetable garden will double the yield and insure better vegetables, also hurry the growth for earlier table use.

Apply about one pound to each four square feet, mixing thoroughly with the loam. For transplanting tomatoes, cabbages, etc., a handful can be dropped into each hole.

For Field Crops Sheep's Head Sheep Manure is one of the greatest stimulators of farm crops known. Owing to its high percentage of humus, it will not wear out the soil as will the constant use of chemical fertilizer. It also makes the dormant elements readily available for plant food.

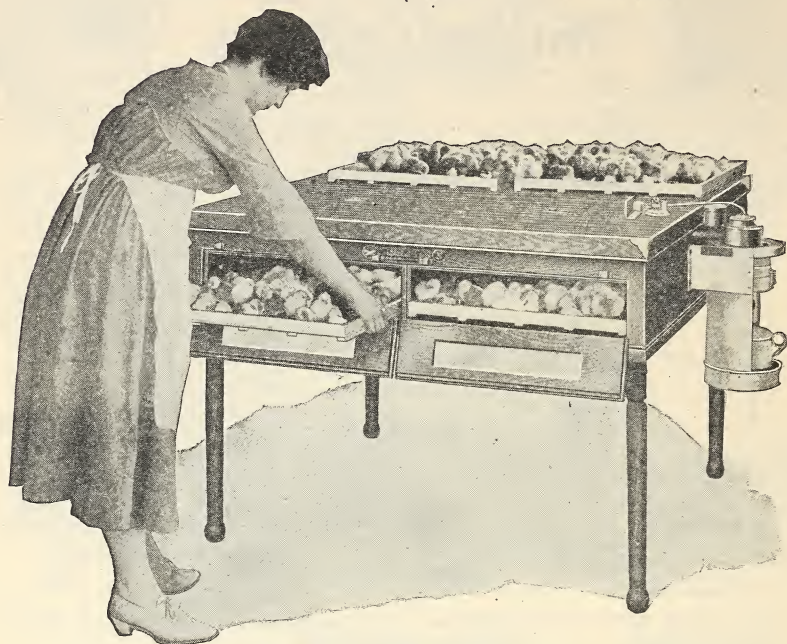

For illustration, there is said to be enough potash in the soil to last ninety-nine years, but after several crops have been raised it becomes dormant. Pulverized sheep manure—SHEEP'S HEAD brand—makes this potash available.

Used with corn, it has increased the yield from thirty-five to forty per cent. the first year. Equally good results have been secured with wheat and oats.

Sheep's Head Sheep Manure is the Natural Fertilizer, Prepared to Conserve its Greatest Value.

The most complete and economical hatching device ever invented. No special cellars to build. No alterations to your building. Just set it on the floor and its ready for the eggs.

Can be operated on a quart of oil a day.

In every climate under the sun the Buckeye HAS DEMONSTRATED its ability to hatch MORE CHICKS and BETTER CHICKS than any other incubator made.

Where Buckeyes are used SUCCESS AND PROFITS HAVE FOLLOWED because the Buckeye is the one incubator that TAKES THE SPECULATION OUT and supplants it with CERTAINTY AND SUCCESS.

The Buckeye is UNQUALIFIEDLY GUARANTEED by the largest and most reliable Company of its kind in the world.

Clayton, N. J., Jan. 21, 1924.

Messrs. Taylor Brothers, Camden N. J.

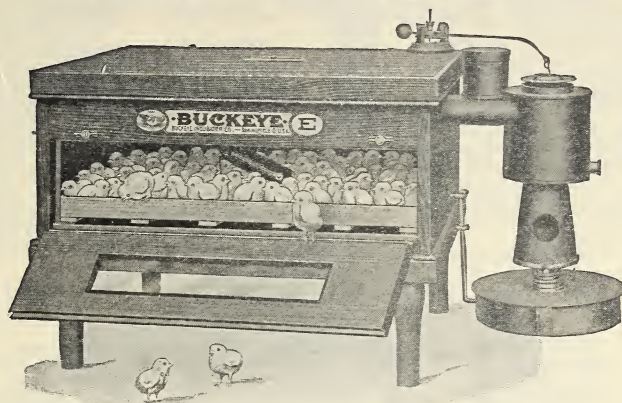

Gentlemen:

Last year I sold nine Buckeye Incubators and fourteen Buckeye Brooders of various sizes to my customers without any complaints. From what I am told I am convinced that the Buckeye is the most dependable Incubator on the market.

If the Buckeye is carefully handled and the eggs are fertile you are almost assured of bringing out a strong healthy chick.

Yours very truly, C. F. Skinner.

WRITE FOR DESCRIPTIVE CATALOGUE

Buckeye Standard "Colony" Brooders

IT CAN'T BE BEAT

I thought I would write and tell you what a dandy brooder I have. I think it can't be beat, it is my first year with a brooder and don't think I will put chickens with a hen any more. You have no lice to contend with, or old hens to mash the chicks. I have seen lots of different brooders, but I think the "Colony" brooder beats them all.

Mrs. C. E. Gabberts,
DeKalb, Mo.

Coal Burning

The Standard Brooder has actually revolutionized the whole poultry industry by helping the breeders to raise a much larger percentage of their young stock with just about one-fourth of the labor.

For the big breeder it has been a veritable God-send, and in a large number of cases has turned money losing propositions into highly profitable plants, while for the smaller breeder it has been just as valuable through its ability to bring the young stock to quicker maturity and saving many valuable fowl that, under ordinary conditions, never would have survived.

New Buckeye Blue Flame Brooders (Wickless)

A High Power Oil Burning Brooder operates on same principal as the Standard Coal Burning Brooders, Self Feeding and Self Regulating.

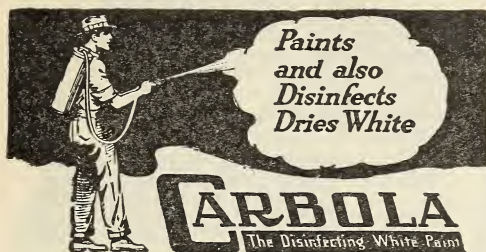

Following the introduction of the "Colony" type of coal-burning brooders, the same general plan has since been adapted to kerosene burners of the blue-flame type. Such burners have been brought to a high state of efficiency so that they are free from dangerous gases and by using such burners in combination with the open canopy they have proven quite as satisfactory as the coal-burning type, when operated in rooms that are supplied with auxiliary heat or in buildings that are small enough to be heated by kerosene burners.

THE POWDER OF MANY USES

CARBOLA is a white paint and powerful disinfectant combined in powder form. It is ready to use as soon as it is mixed with water. It can be easily and quickly applied to building interiors with brush or spray pump. Disinfects and dries pure white. Does not flake or peel off. *One pound covers 100 sq. ft.*

IN THE CHICKEN HOUSE

To paint and disinfect side walls, ceilings, roosts and brooders. Helps keep the birds free from lice and mites and the buildings clean, light and sanitary. Sprinkle it in the nests and rub it into the birds. The dry powder is an excellent louse powder.

IN THE BARN

To paint and disinfect side walls, ceilings, stalls, etc., as an aid to cleanliness and prevention of tuberculosis, foot and mouth disease, and other contagious diseases. Spread the dry powder on floor where the cow stands. Use it as a louse powder. Wash hands with powder before milking.

IN THE HOUSE

Carbola applied to walls and ceilings of cellars will kill bad odors, mustiness, prevent cobwebs, disease germs, drive out spiders, ants and other insects. Use the dry powder as cleanser for pots, pans, cutlery and for removing stains from woodwork. Especially recommended in bathroom for cleaning bathtubs, wash basins, tile and for disinfecting the bowl.

Dust Carbola on rose bushes, peas, cabbage, tomato plants, etc., to help get rid of insects and worms. Spray it on trees and tree trunks.

It increases light, sanitation and general appearance in factory buildings. It makes cleaner warehouses. An excellent and economical interior finish for garages.

DRY FOOD HOPPER

The best food-saving dry food hopper on the market. Fowls cannot scratch food out and waste it, yet food is always in sight. It cannot clog, is easy to fill, easy to keep clean. The Boston Hopper is rat proof; it saves your feed for the fowls. Made in four sizes.

Prices:

Large size, holds $\frac{1}{2}$ bushel, ea., \$1.40; Small, for meat scrap, holds $1\frac{1}{2}$ peck, each, \$1.10; Long chicken size, holds 1 peck, each, \$1.40; Small chicken size, holds $\frac{1}{2}$ peck, each, \$1.10.

GRIT AND SHELL BOX

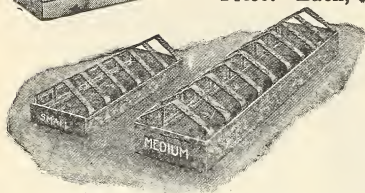

Made of best grade of galvanized iron. Has three compartments—for grit, oyster-shell and charcoal. Cover or lid on a slant prevents fowls roosting on the box and keeps contents clean. It is necessary in every well equipped poultry plant. Made in one size only.

Prices: Each, \$0.60; 3 or more, \$0.55 each.

DRY FOOD HOPPER

This hopper is similar to the grit and shell box, but is larger and has two compartments, holding three quarts in one and six quarts in the other. The ideal hopper for meal scrap and dry mash.

Price: Each, \$0.80.

COMBINED FOOD AND WATER HOLDER

The guard lifts out of the pan, making the pan easy to clean. They are made of heavy galvanized iron, in three sizes.

Prices: Small size, each, \$0.60; Medium size, each, \$0.85; Large size, each, \$1.00.

CONKEY'S REMEDIES

ROUP?

That's what causes 50% of the chicken losses.

Stop It Quick Just put Conkey's Roup Remedy in the drinking water and the birds doctor themselves. A reliable preventive too, 30c, 60c. Get your free copy of valuable poultry book.

Conkey's ROUP REMEDY

CONKEY'S ROUP REMEDY in the drinking water prevents the spread of this extremely contagious and fatal disease. Sick birds drink and doctor themselves. Used all over the world. Prices. \$0.30, \$0.60, \$1.20.

CONKEY'S ROUP PILLS for individual treatment. Prices. \$0.30, \$0.60, \$1.20.

CONKEY'S LICE POWDER dusted on fowls every ten days frees them of vitality-sucking body lice. PRICES: \$0.10, \$0.35, \$0.50.

CONKEY'S LICE FIX—a handy, botherless ointment for lice-infested birds. Prices. \$0.25, \$0.50.

CONKEY'S HEAD LICE OINTMENT—gets the big, deadly head lice on little chicks. Prices. \$0.10, \$0.25.

CONKEY'S MITE LIQUID—a very strong, effective insecticide made for blood-sucking mites. Mixes with water. Prices. \$0.60, \$0.90, \$1.50.

CONKEY'S WHITE DIARRHOEA REMEDY—saves chicks from this fatal, contagious terror of the poultry yard. Prices. \$0.30, \$0.60.

CONKEY'S GAPE REMEDY—relieves the chick of the choking gape worms. Prices. \$0.25, \$0.50.

CONKEY'S POULTRY TONIC—a medicinal tonic that keeps the birds' digestive organs working right. Puts them in vigorous, red-blooded health. Gets them over the moult quickly; helps them lay when egg prices are highest. Not a bit of cheap filler in it. Just a little in the feed goes a long way. Buy it in pails. Prices. 12 lbs., \$1.60; 25 lbs., \$3.00; pkgs., \$0.25, \$0.50.

Taylor Brothers, Camden, N. J.

Jan. 9, 1925.

Gentlemen:

Mr. John B. Hutchinson, of Highland Ave., Haddonfield, N. J. started 1500 baby chicks in April, made several sales of all but 550 pullets, which have been giving him a crate of eggs a day all fall with O. D. O. and Keystone Foods.

Yours very truly,

John H. Barratt.

JERSEY BRAND POULTRY WIRE NETTING

FEW people realize what a vast difference there is in the quality of wire netting, and yet such is the case. And on a poultry farm where large quantities are used this factor becomes a very vital one. Cheap, inferior nettings soon rust out, and become a source of continual trouble and expense to the poultryman. Fence your plant with Jersey Netting and you have fenced it with the most durable. It is made of the best materials, heavily galvanized after it is woven, and guaranteed to be straight and free from any defects. We carry a large supply of this fencing in stock.

Each roll contains 150 lineal feet. Following prices are for full roll lots.

			Per Roll				Per Roll

Lehigh Portland Cement

Cement is always needed in every up-to-date establishment. This cement is the best, and we can supply you in any quantities. Send for catalog and prices.

Hornerstown, N. J., Jan. 10, 1925.

Gentlemen:

Have been using Dandy Scratch Food for some time now, and I find it a nice clean feed, and am getting good results from using it.

Yours truly, W. C. Quicksill.

GRAINS, SEEDS AND SUPPLIES

PRICES QUOTED ARE SUBJECT TO MARKET CHANGES

Barley. This is a fine feed for both poultry and birds; resembles oats. Price: \$2.85 to \$2.95 per cwt.

Broken Rice. Very desirable for young chicks. Try it.
Prices: \$5.75 to \$6.00 cwt. Write for quotations on large quantities.

Buckwheat. Scatter this feed twice a week in the litter and then watch the results. Price: \$3.00 to \$3.10 per cwt.

Cake Meal. (Old Process). Used to mix with soft feed. Regulates the digestion and makes a nice glossy plumage. Price: \$3.00 to \$3.10 cwt.

White Feeding Peas. An excellent pigeon food; growing more and more into popularity. Price: \$4.75 to \$4.85 per cwt.

Peas. Green wrinkled. Whole. Excellent substitute for White. Price: \$4.50 to \$4.75 per cwt.

Peas. Green wrinkled. Cracked. Good pigeon and poultry food. Price: \$4.75 to \$5.00 per cwt.

Canary Bird Seed. Pure Dutch re-cleaned. Prices: Pound, 10c.; \$9.00 to \$9.50 cwt.

Chicken Cracked Corn. Especially prepared for poultry; no waste; fresh every day. Send for sample and price. Analysis: Protein, 8.64 per cent.; fat, 3.9 per cent.; fiber, 1.68 per cent.

Cracked Corn for Pigeons. Made from highest grade corn; fresh daily. Write for prices. Analysis: Protein, 8.64 per cent.; fat, 3.9 per cent.; fiber, 1.68 per cent.

Milo Maize. For Pigeons and Poultry. Very nutritious. Market Price.

Flaked Oats. Extra nice. Market Price; bag 90 lbs.

Hemp. A fattening food for pigeons; makes squabs thrive. The greatest known food to tame wild birds. Price: \$4.75 to \$5.00 per cwt.

Hulled Oats, Fancy. Clean and nutritious; free from dust and seeds; contains nothing but the kernel. Poultry relish this feed and it makes an extremely healthy diet. Market Price.

Kaffir Corn. A poultry and pigeon food; exceedingly nutritious, and poultry specialists say easily digested, hence the great feeding value. We carry both domestic and imported. Market price.

Large Yellow Bird Millet. (Imported.) Excellent for birds and especially fine for young chicks. Try it. Price: \$4.25 to \$4.50 per cwt.

Pin Head Oat Meal. Excellent for small chicks. Market Price.

Pure Ground Flax Seed Meal. Contains the oil. Just what you need.

Prices	{ 5 lbs.....	\$0.50	10 lbs.....	\$0.95
	{ 50 lbs.....	4.25	100 lbs.....	8.00

Rape Seed for Feedings. Used extensively to mix with other seeds for a scratch food. Also good for pigeons. Price: \$7.25 to \$7.50 per cwt.

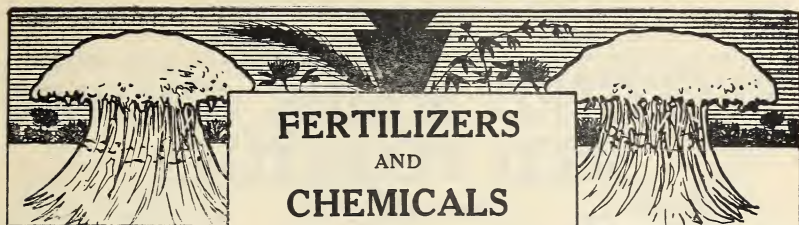

Russian Sunflower Seed. (Large.) This makes a very excellent change of feed for poultry; they like and thrive on it. An egg producer. Market Price.

Domestic Sunflower Seed. Price: \$6.00 to \$6.50 per cwt.

Tobacco Stems. Excellent nesting material. Lice cannot live where extensively used. Pigeon growers can't afford to use anything else.

Price: In bales from 175 to 250 lbs. Market Price.

Wheat Screenings. One of the finest feeds for poultry. Write for quotation. Analysis: Protein, 12 per cent.; fat, 3 per cent.; fiber, 5 per cent.

SELECTED MAINE GROWN SEED POTATOES

CERTIFIED STOCK

Irish Cobblers

OUR potatoes are grown expressly for seed purposes in Aroostook County, Maine; carefully selected, and the equal of any seed potatoes on the market. They are put up in barrel sacks of $2\frac{3}{4}$ bushels or 165 pounds in a sack.

We cannot quote prices in this catalogue for the reason that the value of Potatoes fluctuates constantly. Customers entrusting us with their orders, however, may feel assured that they will be charged the lowest possible price for strictly Maine grown seed. Write us for quotations on carload lots or less.

Spaulding Rose. Medium size extra early variety.

Irish Cobblers. (Good keepers, vigorous and popular).

Green Mountains. (Big cropper, splendid cooker).

Gold Coin. (Hardy, very productive).

IT PAYS TO PLANT CERTIFIED SEED STOCK.

DILLON'S UTILITY SALT

A conditioner for horses and stock. Relieves them of worms and tones up the system.

Price—5 lb. cans, each.....\$0.50

STERLINGWORTH FLY DRIVER AND GERM DEATH

Completely protects cattle and horses from all winged pests; it is non-poisonous and harmless; it does not burn or gum the coat. One quart mixed with water makes two gallons of fly driver. Can be applied with brush or sprayer. The No. 1 Cyclone Sprayer is recommended for the purpose.

2 qt. can.....\$1.25

TABLE AND DAIRY SALT

Buy salt from us and you will get the best at the lowest prices. The Wigwam ranks very high and we would be very glad to quote prices in any quantity.

Wigwam Brand is a high grade, granulated vacuum process salt, especially refined for dairy, cooking, baking and table use, is strictly pure, sparkles like a diamond, the result of perfect crystallization, makes a brine as clear as crystal and will not harden in any climate.

Ground Salt (coarse grain) is the first product of evaporators and is a coarser grain than Perfection Brand. It is preferred by packers for pickling meats, etc.

Agricultural Salt is grades that have become discolored or dirty. It is used for fertilizing and for any purpose where quality is not essential. (We do not guarantee the quality of Agricultural Salt.)

Mineral Salt is white, bright, sparkling and clear (almost chemically pure). Used for packing meats, freezing ice cream, refrigeration, charging ice machines, pickling, salting hides and skins, and feeding horses, cattle and sheep.

Turk's Island Salt. Genuine article.

SHUR-GRO

SHUR-GRO FERTILIZER, this is a plant food containing the most essential minerals and in the form as found in the ash of vegetation. Shur-Gro is odorless, especially adopted for POTTED FLOWERS, TREES, VINES AND SHRUBS, LAWNS AND VEGETABLES. Shur-Gro will not burn or injure any root.

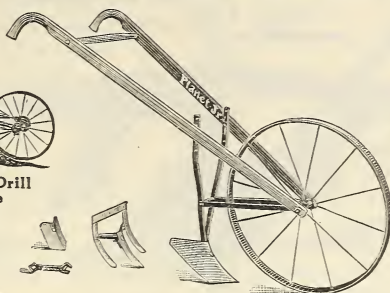

12 oz. boxes 10c. each, 25 lb. sack \$1.50, 50 lb. sacks \$2.75.

THE "NORCROSS" HAND GARDEN CULTIVATOR

Its work equals that of the highest priced wheel plow on the market; sells to those who have a small home garden. Made of first-class material, shovels forged from the steel prongs, every part being detachable. It works between rows, or the center shovel can be removed and the row straddled. It pulls the weeds, pulverizes the soil, is light, durable and easy to operate.

5 Prong, each.....\$1.25 3 Prong, each.....\$0.85 Midget, each.....\$0.45

MYERS' COMPRESSED AIR SPRAYER

One of the special features of this sprayer is the nozzle by means of which the spray can be adjusted from a broad fine spray to a long distance spray throwing water 25 feet so that the tops of ordinary trees can be easily reached. This nozzle is adjusted by simply opening or closing the hand.

You will be more than pleased with this Pump which comes in one size only for spraying trees, gardens, flowers and plants.

Fig. 1862

No. 296, Myers' Pneumatic Sprayer complete with hose and long distance nozzle.....Price, \$6.00

Pipe Extension for use with the No. 296 will be furnished at a small additional cost when desired.....Price, \$1.00

LOWELL FOUNTAIN COMPRESSED AIR SPRAYER

Does not require constant pumping. Has an Automatic Thumb Lever Valve. Most practical for Orchard, Field and Garden Work.

Capacity 3 gallons. Price: No. 110, galvanized, \$6.10. No. 111, brass, \$9.00

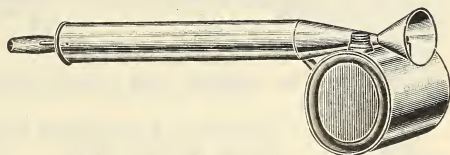

TIN SPRAYERS

With quart tank underneath, double seamed heads, stationary tube; dimensions of cylinder, 13-4 x 8 inches; throws spray fine as mist; uses about one-tenth of liquid that many other pumps do, and is a satisfactory sprayer in every way; no danger of getting out of order.

Price: Each, \$0.50.

BERRY CRATES AND BASKETS

THE progressive farmer and fruit grower realizes the importance of shipping his products in strong, well made, attractive carriers, and that if he does not do so he cannot expect top prices. We carry a full line of berry crates, baskets and carriers of standard make, the best obtainable, and will be glad to quote prices on carload lots or less. Let us know your requirements.

BERRY BASKETS

Standard quarts; oval pints. Thirty-two-quart berry crates. Dividers for crates.

BASKETS

Five-eighths bushel; six brace.
Half bushel; six brace.
Half bushel peach; best quality.
Hampers; best quality.

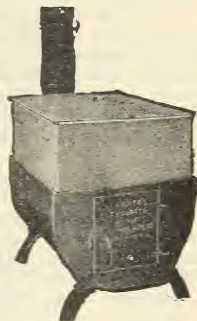

THE FARMERS' FAVORITE COOKER

It pays to use a cooker. A warm meal once a day for the cows will show surprising results in the milk pail. Hogs will respond much quicker if fed cooked feed. Poultry must have warm food for best results.

Taylor Brothers, Camden, N. J.

Modena, Pa., Jan. 6, 1925.

Gentlemen:

We have been handling Keystone Meat Food about a year and find it satisfactory as it is well prepared.

Yours very truly,

J. M. Meredith.

Taylor Brothers, Camden, N. J.
Gentlemen:

My customers are well satisfied that the Keystone and Dandy Feeds do bring results when fed consistently and the fowls given half a chance to produce.

Yours very truly,

Atco, N. J., Jan. 9, 1925.

Geo. T. Knierieman.

Taylor Brothers:

I have been using your No. 2 Dairy Feed for a long time and have found it more profitable than the higher priced feeds. Can also recommend your O. D. O. Buttermilk Baby Chick Food for raising more chicks and stronger chicks than all other brands I have used.

(Signed) Ellis Danley.

Pemberton, N. J.
